RE: Case No. 2007-00363 (Ewington Facility) Verizon Wireless Tower, Montgomery County

To Whom It May Concern:

I am writing in regards to the recent proposed Verizon Facility to be located on Stepstone Road in Montgomery County adjacent to my father's property, Mr. Roger Jones.

I also live on this property and am not happy with the proposed tower location. I have two small children and after researching, am fearful of the radioactive waves that may affect my family's health. Also, I walk out on my side porch each morning to enjoy my beautiful view of this unobstructed countryside and do not want my view to be obstructed.

At the proposed site, I have seen a sign indicating that any questions be sent to this address, the sign keeps getting torn down and is barely visible from the road, however, I have continued to put the sign back up because I feel people in the area are not realizing that this site is going to be used for a large tower.

If you would like to contact me regarding this matter, you can reach me by calling 859-432-5769 or 859-497-0143.

Regards,

Darren Jones
